DISCLAIMER

This drawing is intended for reference and illustrative purposes only. It is neither a legally recorded map nor a survey and is not intended to be used as such. The information displayed is from a compilation of records, information, and data developed and obtained from various sources. The data layers were created from different sources at different scales, and the actual or relative geographic position of any feature is only as accurate as the source information. Planimetric and topographic data were compiled photogrammetrically to National Map Accuracy Standards for 1" = 200' and 1" = 50' scale mapping using first-order fully analytical digital stereo plotters from aerial photography dated April 2018. This mapping was controlled analytically from ground points captured using first-order global positioning systems equipment. Planimetric coordinates were based on the Pennsylvania State Plane Coordinate System, North Zone, and North American Datum 1983.
